

Determining Your MAC (Ethernet) Address for Microsoft Xbox, Sony Playstation 2 and 3, and Nintendo GameCube and Wii

MICROSOFT XBOX

1. Turn on your Xbox game console with no game disk in the drive tray.
2. From the **Xbox Dashboard**, choose **Xbox Live**.
3. Your Xbox should display a message saying something like "A network connection could not be created".
4. Press A to continue. The **Connect Status** screen will be displayed.
5. Choose the **Settings** option, and then go to the **Network Settings** screen. Your Xbox MAC Address is displayed at the bottom right of the screen, and looks like this example: **MAC=001122334455**.
6. This is the address you will need to register with Resnet.

MICROSOFT XBOX 360

1. Go to the **System** area of the Xbox Dashboard and select **Network Settings**
2. Select **Edit Settings**.
3. From **Additional Settings**, select **Advanced Settings**.
4. At the bottom of this screen you'll see a heading called Wired MAC Address.
5. This is the address you will need to register with Resnet.

SONY PLAYSTATION 2 (PS2)

1. Load the Network Adapter Start-up Disk in your Playstation 2 game console.
2. Make sure your Network Cable is **disconnected**.
3. Walk through the steps that the Start-up Disk presents until it starts testing your connection. Since you do not have a network cable connected this test will fail.
4. Now press the **select** button to display the MAC address.
5. The 12 digit hex number displayed is the MAC address of your Playstation 2.
6. This is the address you will need to register with Resnet.

SONY PLAYSTATION 3 (PS3)

1. Navigate to the Settings icon (located on the far left). Press 'X'
2. Navigate up/down until you see the System Settings icon. Press 'X'
3. Scroll up/down until you see System Information. Press 'X'
4. The MAC address will be displayed. It will consist of alphanumeric characters and have the format xx-xx-xx-xx-xx-xx.
5. This is the address you will need to register with Resnet

NINTENDO GAMECUBE

1. Remove the GameCube's broadband adapter from the console if it is already installed
2. The MAC address is printed on the underside of the adapter; it is a 12 digit hex code.
3. This is the address you will need to register with Resnet.

NINTENDO WII

1. Go to the Wii options.
2. Go to the Wii Settings
3. Scroll over until you get to the Internet option
4. Open up the Console Information
5. There should be a 12 digit hex code.
6. This is the address you will need to register with Resnet.
